

dyson airblade

The fastest most hygienic hand dryer

The Dyson Airblade™ hand dryer works in just 12 seconds – scraping water from hands like a windshield wiper. It's the fastest hand dryer – and it's hygienic, cleaning the air before blowing it onto hands.

12 second dry time

Sheets of air travelling at over 400 mph scrape water from hands, like a windshield wiper.

Costs less to run

Dries 22 pairs of hands for the price of a single paper towel* and can help lower your carbon footprint.

Uses up to 80% less energy than warm air hand dryers

Dyson digital motor spins 81,000 times a minute – delivering a much faster dry time using less energy.

The most hygienic hand dryer

A HEPA filter removes over 99.9% of bacteria from the air used to dry hands.

Touch-free operation

Starts and stops automatically.

No dirty buttons to press

Easy to clean. Sealed casing integrated with anti-microbial additives to protect the product.

Tough and durable casing

Resists chips and scratches.

5 year warranty

Comes with a 5 year warranty covering parts and 1 year warranty for limited labor.

Costs less to run*

A faster dry time and no energy-hungry heating element means the Dyson Airblade™ hand dryer costs up to 80% less to run than warm air hand dryers and up to 97% less than paper towels.
